

FINISHES

The Varius may be upholstered in a range of earth and neutral tones with a variety of BD fabric and leather options. The armrests are available in black or toasted hide. The chair has tubular steel structure painted in black gloss or with a hammered finish available in black and silver. The structure is coated with 70 µm epoxy-polyester resin powder and the backrest and seat are cast in L-2520 silumin alloy with a polyurethane foam coating. The Varius can be stacked up to four times (unless fitted with desk arms).
