Descubre el concepto de cerámica y madera de última generación de Fusiontables...

Rock Reverso

COLORES PRIMA: WOOD LINE (CHERRY, MO, SW, CO, YO) METAL LINE (ZB, ZW) REFINISCAJE: (PULIDO, LACADO) RESISTENCIA: (100KG/12) RESISTENCIA AL CALOR: (1000°C) RESISTENCIA: (1000kg/12)

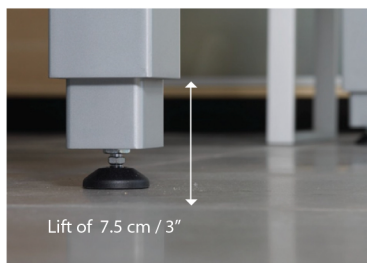

Las piletas TECH-AMIR de 3 mm que elegimos para nuestra Colección Rock Reverso dan un toque final moderno a muebles perfectos con un precioso diseño contemporáneo. Con sus dos tipos de material en un solo tablero conceptual, la nueva opción Rock Reverso le permite crear un ambiente cambiante en su comedor: una cara lleva una cubierta de madera y la otra una cubierta de cerámica.

Rock Reverso es la superficie más resistente que puede exigir para su mesa de billar Fusion. Resistente al tiempo y fácil de mantener, este material exclusivo y moderno tiene características antiscrapes y antimanchas. Es muy compatible con el medio ambiente ya que las materias primas utilizadas en su producción son recicladas, eliminando así el impacto de la extracción en canteras.
